Agenda Items:

- **End-of-Year Survey Results**

End of Year Survey:

The survey results re-affirmed RVA757 Connects' top two priorities: I-64 Gap Project and Global Internet Hub Strategic Planning Initiative. Our organization will stay the course with current major priorities. No new priorities will be added in 2023.

As we work on our priority areas, look for ways to:

- Support underlying efforts to advance site readiness and workforce development.
- Work on MIC members' engagement, input and impact
- Report out milestones as they occur with each priority.

Next Steps:

- Continue collaborating with GO Virginia to implement Global Internet Hub strategic plan in 2023.
- Government Relations Committee will continue communicating with legislative members about RVA757 Connects' priorities.
- Ramp up Government Relations as planned.
