Drug Shortages

- **Many essential medications are produced by only a few large pharmaceutical companies.**

- **Creates problems when there are shortages of these drugs**

- **When this happens, patients may not be able to get the medications they need**

CIVICA®

Faced With a Drug Shortfall, Doctors Scramble to Treat Children With Cancer

A critical chemotherapy medication is in short supply, and physicians say there is no appropriate substitute.

Drug Shortages:
Root Causes and Potential Solutions
2019

U.S. Food and Drug Administration

Our Mission

To deliver quality generic medicines that are available and affordable to everyone.

Civica Petersburg will produce dozens of hospital medications, as well as the three types of insulin that account for most use in the US:

Glargine
(Lantus)

Lispro
(Humalog)

Aspart
(Novolog)

CIVICA®

$30

$55 for box of five pens

Civica Today

131M VIALS FOR **56M** PATIENTS

55+ Health Systems Members

>1,500 hospitals

1/3 of U.S. licensed beds

80+ MEDICINES
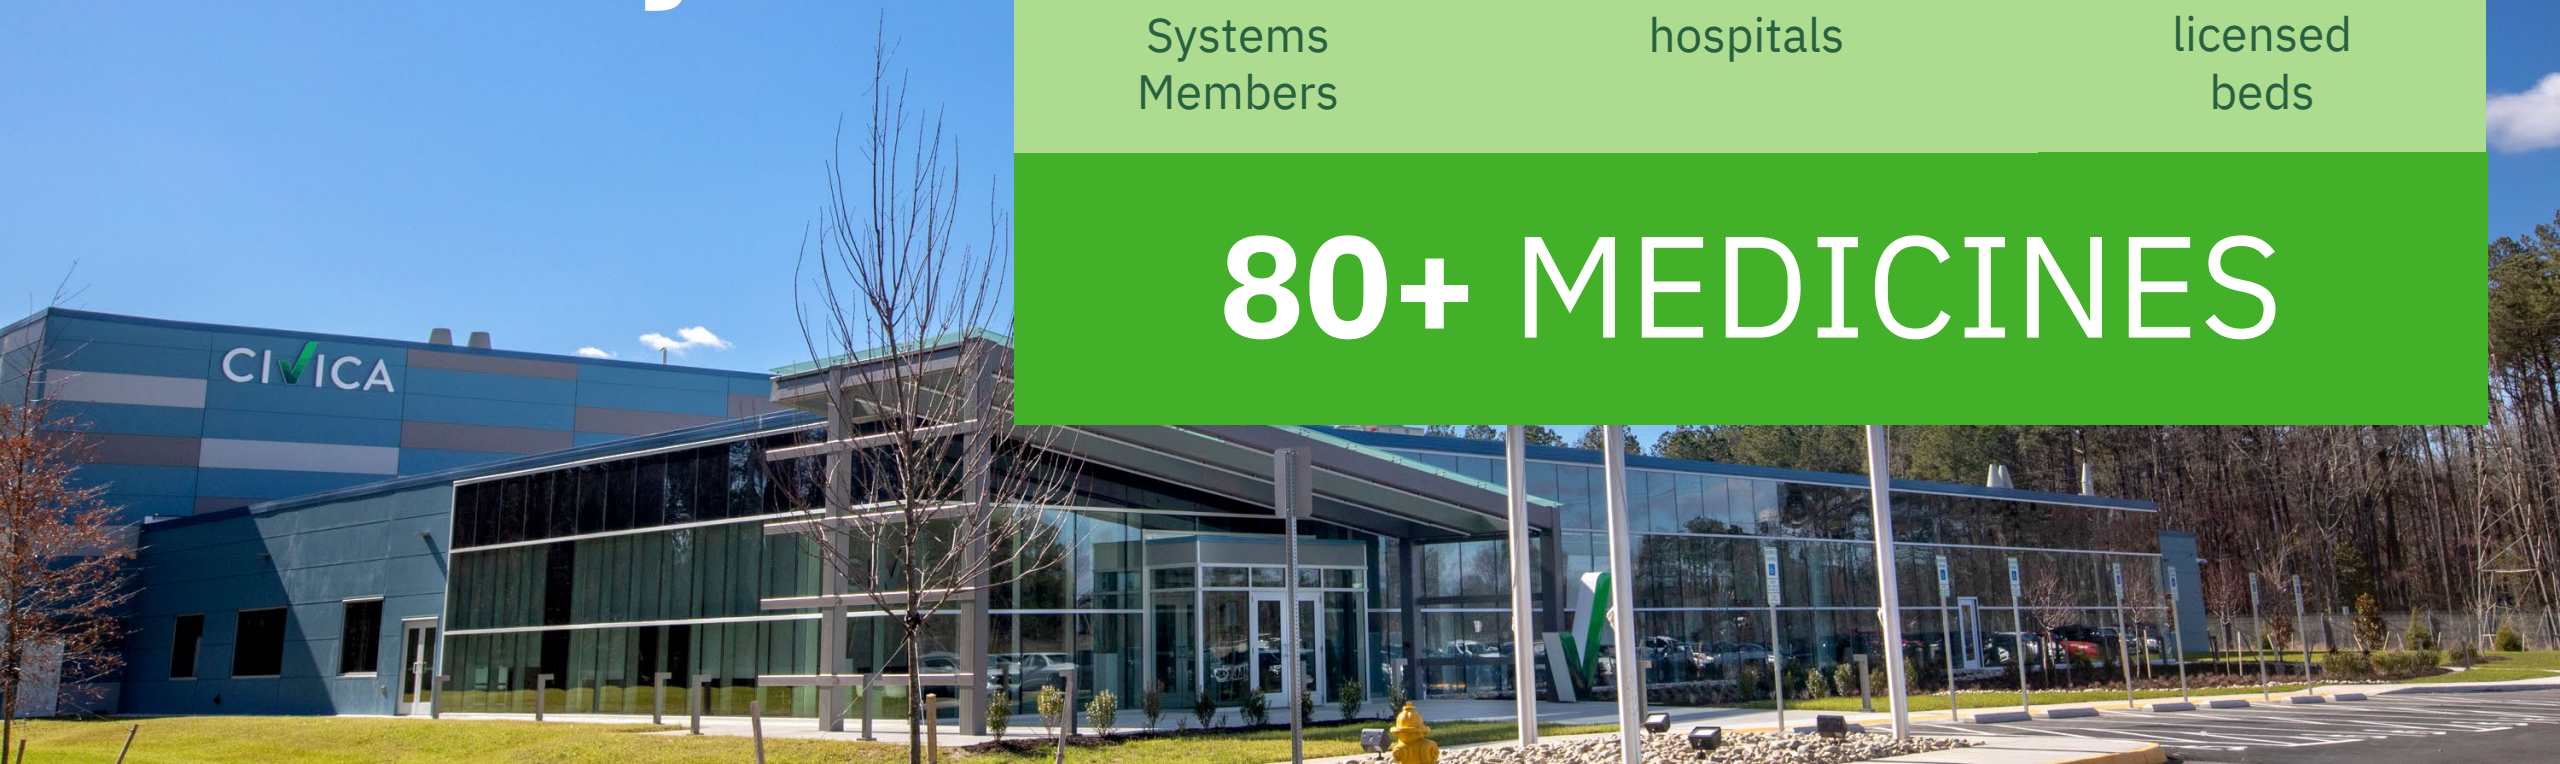

Benefits of Our Model

- Ends "race to the bottom" price pressure on manufacturers.

- Ensures predictability and stability for hospital and personal budgets by eliminating unanticipated price spikes.

- Safeguards quality by using high-quality APIs from reliable sources.
